Why Charger?

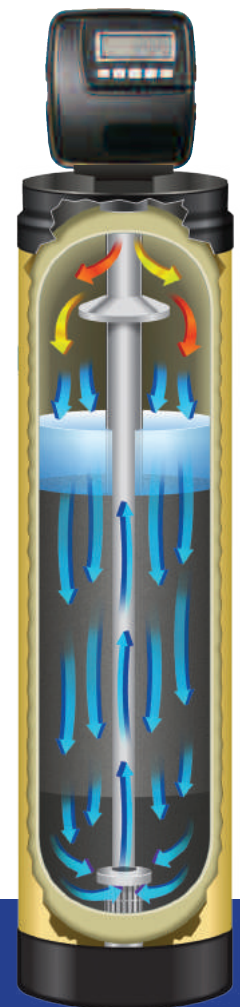

Charger Water Treatment Products provide Water Treatment Professionals with a comprehensive line of water conditioning equipment and related products, custom assembled to meet your specifications. Our regional OEM and distribution facilities understand your markets' unique needs and are ready to provide the solution your business requires.

WE ARE EXPERTS IN:

- Water Softening
- Water Filtration
- Specialty Treatment: *scale, iron, and acid*

The Charger *Iron Breaker* III

Available with an ozone generator
for removing iron bacteria,
nature's own oxidation process.

Iron Breaker III
Iron & H₂S filters

The Iron Breaker III by Charger offers the "natural" solution for removing iron and H₂S. It has a proven, patented technology that eliminates iron and H₂S without chemicals, air compressors, areators, and external venturis.
